Preface

The National Library of Kuwait is pleased to present this Directory of Non-Arabic Dissertations, a bibliographical compendium serving to provide researchers and students with academic guidelines.

The Directory includes (917) titles of master's and doctoral thesis covering various subjects, and printed copies of the entire collection are available in the Specialized Libraries Section of the library, and can be retrieved upon request for study.

The collection is organized based on the Dewey Decimal Classification System (DDC) and is arranged alphabetically to facilitate searching, in addition the Library of Congress Subject Headings was utilized to group related subjects.

Author and title indexes are also available to enable quick access.

We sincerely hope that this compilation proves handy and useful to all the end users.

"A framework for development planning in Kuwait; with particular reference to the role of the Kuwaiti female labour force" (239)

A clinical prediction rule for classifying postpartum subjects with low back and pelvic girdle pain who demonstrate ;short-term improvement with mobilization of the sacroiliac Joint (441)

A comparative analysis of alternative epidemiological measures of periodontal disease (520)

A comparative factorial ecology : Kuwait city, Kuwait ; and Jacsonville, Florida (124)

A comparative study of self-perceptions of upper level university and business managers in Kuwait of their work behavioral styles and problem solving activities (744)

A comparative study of the attitudes of Kuwaiti families in the role of entrusting their children to foreign domestic servants in Kuwait (731)

A comparative study of the perceptions of the school library media specialist's role as perceived by principals, teachers, and school library specialists in public schools in the State of Kuwait (49)

A comparison of the adaptation and quality of life of individuals with spinal cord injuries from Kuwait and the United States: a cross cultural perspective (514)

A computational study on the gravity effect on wick-stabilized diffusion flames (618)

A connectionist expert system for learning process drift control in offset lithographic printing (825)

A content analysis of the treatment of social issues in childrens programs on Kuwaiti television (89)

A critical analysis of ESP courses at Kuwait, Technical-Vocational Institutes with special reference to Kuwait Business Institute (301)

A critical analysis of modernization in Kuwait as reflected by selective print media, 1960-1982 (263)

A critical edition (a section of) Kitab Sharh Musnad Abi Dawud by Al-Imam Badr al-Din Al-Ayni Al-Hanfi (80)

A critical edition of tafsir Surat Yusuf from the beginning to verse 32 Ahmad Ibn Ruh Allah al-Ansari (79)

A critical review of the design, facilities, programs, and management of Kuwait city parks (842)

A cross-situational and across-cultural examination of shyness using the aggregation and act frequency approaches in Britain and Kuwait Vol . 1& 2 (65)

A descriptive study of the sociodemographic, health and developmental factors associated with slow learning in children from upper to middle social class families in Texas (273)

A follow-up study of the Islamic teacher preparation program of Kuwait University (77)

A framework for migrating web applications to web services (35)

A further examination of the relationship between closed-end single-country fund prices & international investment restriction changes, Net Asset values, and investor sentiments (199)

A fuzzy logic approach to model delays in construction projects (549)

A hierarchical representation of control knowledge for a heuristic classification shell (28)

A higher risk of being procoagulant in postoperative cardiac surgery inflammatory patients due to a novel CRP-VLDL complex (476)

A hybrid neural network -mathematical programming approach to design an air quality monitoring network for an industrial complex (691)

A light and electron microscopic study of cell death in drug induced gingival overgrowth (515)

A linguistic knowledge analysis approach for industrial Engineers (295)

A low cycle fatigue testing framework for evaluating the effect of artifacts on the seismic behavior of moment frames (661)

A macroeconomic model of the Gulf State Kuwait (152)

A master plan for the development of school libraries in the State of Kuwait (50)

A model of multicultural software project team management applied in requirements engineering (10)

A model of trade and growth in a dual economy (232)

A multi-system optimization approach to coupling in robust design and control (555)

A new contamination model for robust estimation with large high-dimensional data sets (339)

A new correlation for light transmittance due to sand dust particles accumulation on photovoltaic panels and its application for Kuwait (586)

A new design method for multirate digital controls (705)

A new row - wise parallel finite element analysis algorithm (RWPFEA) with dynamic load balancing (550)

A plan for implementing a model national rehabilitation program task analysis, organization design, and prospective evaluation method, with special reference to the State of Kuwait (269)

A plan for the establishment of a national bibliographic network for Kuwait in the light of international and local standards (40)

A portfolio approach to international capital flows : the case of Kuwait (175)

A procedure for the design of large scale mechanical systems by decomposition (626)

A proposal concerning organization and administration of industrial training programs, Kuwait (405)

A proposed model for a post high school technical institute in Kuwait with implications for administration (406)

A quantitative model for the oil sector of Kuwait (225)

A rate-based model for the design and simulation of a carbon dioxide absorber using the hot potassium carbonate process (816)

A reassessment of the theory of monetary integration, with applications to the case of the Cooperation Council of the Arab States of the Gulf (GCC) (195)

A study in some aspects of foreign language learning at Kuwait University with special reference to computer assisted language learning (299)

A study in the dynamic kill for the control of induced surface blowouts (640)

A study of Bahraini pregnant women : beliefs and knowledge about cesarean birth (539)

A study of foreign labor in Kuwait (171)

A study of mass transport processes in oil slicks (685)

A study of optimal sequences and energy requirements of integrated processing systems (797)

A study of psychological, social/environmental and physiological factors associated with nocturnal enuresis among school children in Kuwait (543)

A study of supply and demand of library and information workers in Kuwait : five year projections and recommendations for human resources planning (161)

A study of the effects of transition metal impurities on the properties of perovskite structure ferroelectrics (361)

A study of the implementation of the new social studies curriculum in the intermediate stage of the Kuwaiti educational system (84)

A study of the Kuwaiti constitutional experience (1962-1986) (258)

A study of the libraries in girls' credit-hour secondary schools in Kuwait (51)

A study of the role of nationality in international law with special reference to the law and practice of Kuwait (254)

A study of the wife's rights in Islamic fiqh (83)

A study of warm-up and injury in hamstring muscles (421)

A study on gender differences in Kuwait (326)

A United Nations standing army : problems and prospects (143)

A variable-order variable-structure transmission line model with provision for frequency dependent parameters (591)

A critical investigation into the site manager's role, his responsibilities and management skills (773)

A novel methodology for on-line identification of arcing high impedance faults on overhead power distribution feeders (593)

A simulation analysis of the effectiveness of reducing the degree of labor division in enhancing just-in-time robustness to product design changes (779)

A study of the feasible relationship between travel behavior and land use patterns: a case study of Montgomery County, PA (125)

A theory of dual allocation of overhead (755)

Accounting and economic development in Kuwait : description and analysis (740)

Acculturation factors among Arab/moslem women who live in the Western culture (113)

Acute pharmacological treatment given to older adults with acute myocardial Infarction: a nationwide emergency department study, 1992-2010 (472)

Adaptation, diversification, and desert ecology of the most diverse order of mammals) mammalia, rodentia (404)

Adaptive time series modeling (174)

Adjustment patterns and attitudes of Arab students from Gulf Cooperation Council "GCC" in the United States toward American people (95)

Age at natural menopause and menopausal symptoms among Saudi Arabian women in Al-Khobar (538)

Algorithms for multi-sample cluster analysis (333)

Aljazeera on YouTube a credible source in the United States? (56)

Al-Muntakhab fi 'Usul al-Madhhab: as know as (Al-Muntakhab al-Husami) /
; Muhammad bin Muhammad bin Umar, Husam al-Din, Al Akhsikathi ;
analytical study and edition (248)

Alternative greenhouse tomato production system (716)

An accelerated scheme for the diagnosis of pulmonary tuberculosis in
Nepal (271)

An adaptive multi-class admission control for multimedia wireless networks
(33)

An adjacency matrix approach to interactive structural modeling (654)

An advanced digital solution for representing continuity in urban
architectural change : a virtual urban architectural evolution (847)

An analysis of dominant and oppositional ideology in the Persian Gulf crisis
(903)

An analysis of Jus AD Bellum in twentieth century papal just war thought
(76)

An analysis of potential alternative fuel : the case of methanol :potential
demand in transportation (227)

An analysis of the efficiency and equity of manpower programs (164)

An analysis of the financial institutions and economic development of
Kuwait 1965-1985 (186)

An analysis of wind and solar energy resources for the state of Kuwait (587)

An annotated and illustrated catalogue of maps of Kuwait and an introduction to the history of Kuwaiti cartography from the twelfth century to 1960 (889)

An application of Habermas's theory of communicative action in examination of the Gulf crisis : toward and understanding of the technical constructs of Hermeneutic communities (906)

An assessment of the possibility of stabilising sabkha soils using oil lake residue - reuse of waste materials (647)

An electrochemical investigation of erosion corrosion of duplex stainless steel in sea water containing sand particles (571)

An EMG and biomechanical investigation of co-activation of antagonistic muscles during high-speed movements of male lower limbs (492)

An empirical investigation of Kuwaiti direct caregivers' satisfaction and attitude toward work with the mentally retarded (277)

An empirical investigation of Middle East conflict management styles (99)

An empirical test of the theory of the dual economy (237)

An ethnic geography of Kuwait : a study of eight ethnic groups (116)

An evaluation of area skill surveys as a basis for manpower policies (160)

An examination of the perceived need and recommended body of knowledge for architectural internship programs in Kuwait (852)

An experimental and theoretical investigation of slug flow characteristics in the valley of a hilly-terrain pipelines (814)

An experimental investigation on the effects of web-based instruction/training on cognitive and psychomotor learning (283)

An experimental study of two-Phase flow in a hilly- terrain pipeline (627)

An exploration of ornamental patterns (865)

An improved two-component simulation of black oil, volatile oil, and gas condensate reservoirs (638)

An investigation of functional MRI activation reproducibility (457)

An investigation of models and solution algorithms for the capacitated facility location problem (342)

An investigation of optimized length scales for the heat treatment of mettalic plates (820)

An investigation of the biomechanics of knee extension in trained and untrained subjects (419)

An investigation of the mismatch between the supply of university graduates and the demand in the graduate labour market in Kuwait (157)

An issue area reformulation of the bureaucratic-governmental politics paradigm for American defense and foreign Policy analysis (137)

An organizational analysis of the cancer registry in Kuwait (508)

An assessment methodology for predicting the success of technological enterprises (748)

An empirical investigation of the infomation content of cash flow and cash flow per share (753)

An empirical study of IT based knowledge management systems implementation : a comparative study with the Kuwait and the UK public sectors and proposed model for best practice knowledge management (767)

An examination of need and climate variables and their effects on job attitudes :the case of Kuwait (762)

An examination of some determinates of organizational structure in the U.S. and Kuwait (776)

An investigation of the design process for end-user developed systems : an exploratory field study (770)

Analysing light flow of micro-nano sphere particles (598)

Analysis of a major electric grid - stability and adaptive protection (579)

Analysis of competing independent and dependent risks (340)

Analysis of fracture-matrix fluid flow interactions using X-ray CT (630)

Analysis of heat and mass transfer between air and falling film desiccant for different flow configurations in the presense of ultrafine particles (616)

Analysis of Kuwait temperature records : test of heat island existence in Kuwait city arid environment (370)

Analysis of shell-like lattice structures using the equivalent energy of macro elements (658)

Analysis of tax incidence within a simultaneous system of hedonic demand equations : a case study of the Los angeles housing market (220)

Analysis of the changes in the tarcrete layer on the desert surface of Kuwait using satellite imagery and cell-based modeling (891)

Analysis of the origin of Turner's syndrome using polymorphic DNA probes (540)

Analysis of transport models and computation algorithms for flow through porous media (565)

Analysis of variants within the porous media transport models (617)

Analysis of packaged air conditioning system for high temperature climates (837)

Annotated translation of the scientific revolution (294)

Anodic behavior of metallic electrodes during cyclic deformation in aqueous solutions by holographic interferometry : "holometry" (570)

Antimicrobial and antioxidant activity of two desert truffles, Tirmania and Terfezia (717)

Antimicrobial effect of some plants and herbs (729)

Antimony implants for ultra-shallow junctions in silicon (613)

Application of artificial intelligence approach to design of one-way flexural members in reinforced concrete (664)
